## **DETAILED ACTION**

### ***Amendment***

1. Receipt is acknowledged of the amendment filed 2 December 2004.

### ***Examiner's Amendment***

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee. Authorization for this examiner's amendment was given in a telephone interview with David Cornett (Reg. No. 48,417) on 3 February 2005. The application has been amended as follows:

#### **In the claims:**

Regarding page 3 of the response: --Claims 1-32 (Cancelled)-- has been added in order to make the set of claims complete.

Regarding claim 47: The words "The method of Claim 14" have been changed to --The method of Claim 46--.

### ***Allowable Subject Matter***

3. Claims 33-66 are allowed.
4. The following is an examiner's statement of reasons for allowance:

The best prior art of record fails to teach the specific system and method of linking delivery notice codes. The best prior art of Monico teaches the use of multiple delivery notices with the same delivery codes and Gulick teaches only that each item code is consolidated into one barcode for scanning, which does not teach the limitations of the present invention as recited in claims 33-66. Hence the best prior art of record

fails to teach the invention as set forth in claims 33-66 and the examiner can find no teaching of the specific delivery system and method, nor reasons within the cited prior art or on her own to combine the elements of these references other than the applicant's own reasoning to fully encompass the current pending claims. In addition, see applicant's reasoning in amendment/response filed 2 December 2004.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
